

## Designed to improve reading and discussion skills in business

### What it is

This is a highly effective reading course for English learners who work, or want to work, effectively in a business environment. It is aimed at developing reading and discussion skills in English, and is ideal for anyone with a TOEIC®\* score from 225 to 990.

### What it provides

The multi-level lessons are designed to improve Learner's reading skills (speed and comprehension), develop vocabulary, and enable learners to express opinions about what they have read. The material is sourced primarily from the international business and financial press.

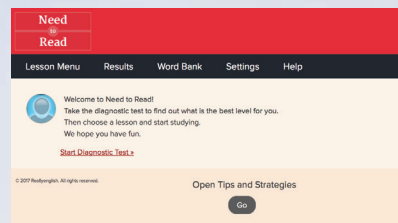

### Key course features include:

- Adaptive diagnostic test that recommends start level
- Topical reading lessons about business and finance
- 853 lessons. Each lesson is available in 3 versions: pre-intermediate level, intermediate level, and upper-intermediate level
- Discussion forum open to members of the N2R community.
- Activities that develop reading skills (comprehension and speed)
- Vocabulary extension activities
- Searchable Word Bank for reviewing vocabulary and key business concepts covered in lessons
- Printable content: lesson material, results, comments, Word Bank
- Local language support adjustable in user settings
- User-rated content to highlight most popular lessons
- Weekly performance goals to encourage regular study
- Adaptive exit test to measure progress

### How it works

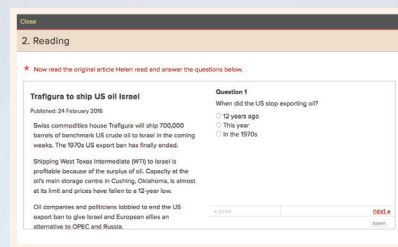

#### Step 1

Take the entry test to assess your level

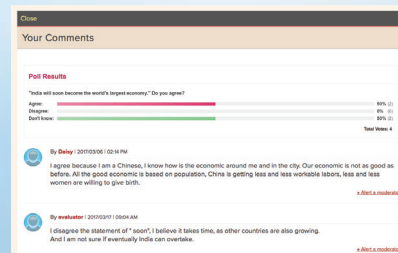

#### Step 3

Take the different stages of the lesson

#### Step 5

Have a look at the opinions of others

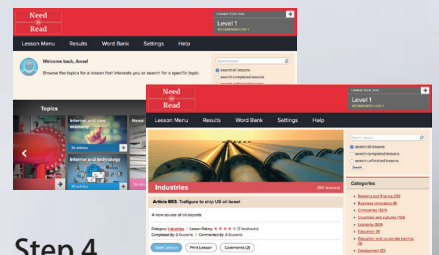

#### Step 7

Print certificate as proof of successfully completing the test!

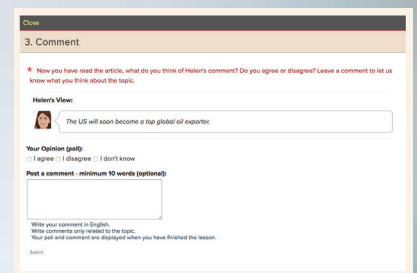

#### Step 2

Choose a topic and then a lesson from the list that you want to study

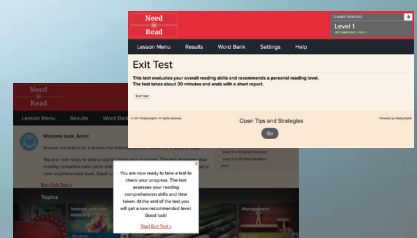

#### Step 4

Contribute your opinion

#### Step 6

Take the exit test at the end of the course
