How it works

Step 1 - Focus

Focus shows you the next three lessons you need to study, in the order you should study them. Click to start the next lesson.

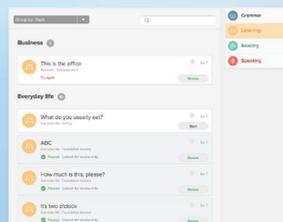

Step 3 - Practice

Lesson tests are an overall measure of what learners have studied in the lesson.

Step 4 - Completion

Finish the course by passing the required number of lessons.

Step 2 - Study

Learners are introduced to a situation, then study a series of lessons focusing on reading, grammar (topical phrases), listening and speaking (pronunciation practice).

Reading - Rich content using lots of images to teach vocabulary in a memorable way.
Grammar - Learn basic grammar through a variety of activities with useful explanations.
Listening - Listening speeds are 30% slower than higher level courses so that students can get used to distinguishing sounds and build confidence.
Speaking - Short conversation activities simulate real conversations.
Multifaceted learning! - Every four lessons are built around one topic to keep topics easy to understand, reinforce key language, and ensure the balanced acquisition of language skills.

Step 5 - Certificate

Print certificate as proof of successfully completing the course!
